EDUCATION

- | | |
|---|-------------------|
| • B.Tech in Computer Science PES College of Engineering, Aurangabad (2020 - 2024) | CGPA: 8.03 |
| • 12th Grade Tanwani Junior College, Bajaj Nagar (2020) | 63.08% |
| • 10th Grade Shahid Bhagat Singh High School (2018) | 87.40 % |

PROJECT

1. E-Commerce Website – (Shopify) -

- Developed a full-stack e-commerce website with **User, Product, Cart, Management and secure checkout.**
- Designed **RESTful APIs** with Spring Boot and connected to **MySQL database** using Hibernate ORM..
- Designed product listing and cart operations on the frontend.
- Integrated **Razorpay Payment Gateway** (test mode) for order processing.

2. AI-Project E-Commerce Chatbot –

- Developed an **AI-powered e-commerce chatbot** using **Spring Boot** and **MySQL**, enabling **real-time product recommendations** and natural language understanding via **Google Gemini API**.
- Implemented **WebSocket** for live two-way communication, allowing users to filter products dynamically and receive **AI-driven suggestions** based on **natural language queries**.
- Ensured **robust JSON-based communication** between frontend and backend for **structured, scalable responses**.

3. Google Drive Clone – File Upload Application -

- Developed Spring Boot backend with **RESTful APIs** for secure file upload, download, and storage, emulating Google Drive functionality.
- Built a responsive **frontend** using HTML, CSS, and JavaScript for easy file access and management.
- Implemented secure file handling, **role-based access**, and a scalable architecture to support multiple users and large file volumes.

INTERNSHIP

SDE Intern at SBS MindScript Software Solutions -

- Adeptly executing Full Stack projects and leading teams to successful project outcomes.
- Working on a Java Full Stack Project Using various Coding Methodologies.
- I have successfully completed an internship program with SBS Mindscript, and hands-on experience in Java Full Stack Projects like, Project Third Eye Info Solutions, Sahyogmultistate.com .

TECHNICAL SKILLS

- **Languages:** Java ,HTML ,CSS , SQL ,PL/SQL,
- **Frameworks & Libraries:** Spring Boot, Hibernate, Bootstrap
- **Cloud & DevOps:** Git, GitHub, GCP
- **Tools & Platforms:** VS Code, Eclipse, MySQL Workbench, JIRA, Postman
- **Development Methodologies:** Agile (Scrum), Software Development Lifecycle (SDLC)

CERTIFICATIONS

- **Java Full Stack Course Certification** – Symbiosis University Pune|
- **Google cloud labs Completion certificate**
